

## ABOUT ME

Motivated student seeking opportunity to gain hands-on experience and apply training. I've been working on developing my skills for many years and hope that the future will hold great things. My main goal is to provide as good of service as possible and gaining experience for the future. I see every mistake as an opportunity to continue my learning journey.

## CONTACT

## SKILLS

I have taken programming and web development courses through the JATC over the last two years. These classes have given me knowledge of both HTML and CSS along with JavaScript. These three fundamental areas of front-end web development are all accounted for.

## CERTIFICATIONS

# NOAH T. BOGART

## FRONT END WEB DEVELOPER

## EXPERIENCE

### SKILLSUSA GAME DEV

2022 - 2023

### DEVELOPER ON GAME DEV TEAM

Worked with four other students to make a game for SkillsUSA game dev competition. One of two people chosen out of the five members to present to the judges.

### SKILLSUSA WEB DESIGN

2023

### DEVELOPER ON WEB DESIGN TEAM

Worked with fellow classmates during practice and coded two websites in total in under 5 hours each. This was in preparation for the SkillsUSA web design competition.

### GOLDEN FIELD ELEMENTARY INTERNSHIP

2022 - 2023

### ACCESSIBILITY COMPLIANCE

Worked with the principle of Golden Field Elementary to bring their site up to compliance. This included adding alt tags, landing pages, PDF testing, and redoing colors.

## EDUCATION

### COPPER HILLS

2008 - 2023

### HIGH SCHOOL

Worked both in and out of school to maximize my potential opportunities. Used online tools and schooling to focus my efforts on web development and finding success.

### JATC

2021 - 2023

### JORDAN ACADEMY FOR TECHNOLOGY AND CAREERS

Worked with teachers over 2 years to learn programming and web development. Capstones include building and programming a working RC car and building a working site.
